Product Description

Product Description

★KEEWO-MAKERS OF HIGH QUALITY HOME AND COMMERCIAL INTERIOR WINDOW TREATMENT PRODUCTS SINCE 2004.

=====

Roller & Day Night Rollers

Whatever the time, day or night you can enjoy the sun, enjoy a bit of privacy but most importantly, enjoy complete control over the light coming into your home. This unique, double layered **roller blind** is half voile, half regular Roller Blind and will revolutionise the way you shade your space, all while looking great!

=====

A traditional favourite, Roller Blinds are compact and functional with modern fabrics to suit your needs. Available in a wide variety of privacy enhancing, light filtering and blackout fabrics to complete any room. Without the need for curtains, they too are economical.

A cleverly modern blind with a rich modern look, this double roller blind is the perfect choice for a trendy, contemporary space.

Both greys are stylishly on-trend, but serve your home in different ways. The front is a shading blackout roller which will keep the sun's rays out and protect your privacy any time, while behind that is a crisp grey voile fabric that's bright, allows oodles of light inside, but doesn't compromise your daytime privacy.

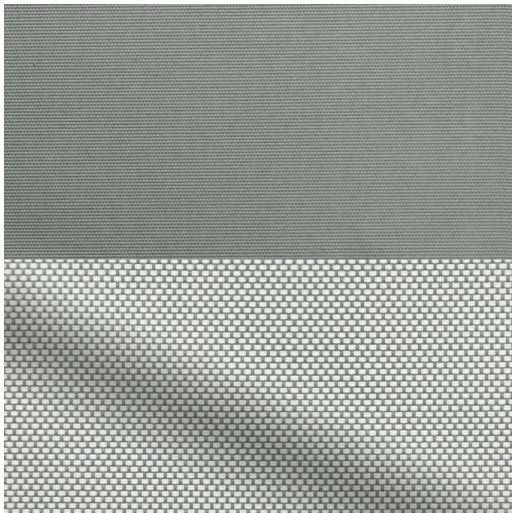

Add an extra layer of style by choosing a different bottom bar, if you wish. White or black are available besides the matching silver that comes as standard.
