Product Description

Electric Modern Vertical Fabric Dream Curtain Is Suitable For Luxury Families

Benefits of Choosing Vertical Blinds

- **Durable:** Vertical blinds are constructed from durable materials like PVC, faux wood, and fabric. PVC and faux wood are great choices in areas with lots of moisture, since they are resistant to warping and cracking.
- **Coverage:** Vertical blinds open horizontally, which make them a popular choice for covering sliding glass or patio doors. They're also ideal for covering large windows that run floor-to-ceiling.
- **Easy to Clean:** Vertical blinds are one of the easiest window treatments to clean, PVC and faux wood vertical blinds can be occasionally wiped down with a damp cloth or dust remover to keep them clean.
